Agreement/1 year Health Guarantee:

Thank you for deciding to purchase one of my puppies! I want to make this a stress free, enjoyable experience for you. If you have any questions about this agreement, please let me know. I will keep you up to date with information about your puppy as it grows until it is time for your puppy to go to its new home. This contract is written for the protection of both the breeder and the buyer - However, it is primarily written to protect the health and general well-being of the puppy. Please read this agreement/health guarantee completely before putting a deposit on a puppy. Thank you!

****Purchase Agreement****

1. I require a \$200 dollar deposit in order to hold the puppy of your choice. The deposit can be in the form of cash, or check.
2. This deposit is non-refundable unless there is a problem with the health of your puppy. In that case, the buyer will have their choice of a full refund or of transferring that deposit toward another puppy. Please be certain that you are ready for the time commitment and financial responsibility of a puppy prior to putting a deposit on one.

Number 15 on the following Health Guarantee is only applicable if puppy buyer agrees to purchase and provide NuVet Plus K-9 Wafers (or powder) for their puppy for the entire first year of ownership. Upon a health problem that is covered by number 15 of the health guarantee, puppy owner must be able to provide breeder with receipts from NuVet proving that their puppy has been taking these supplements. If the puppy is not given NuVet Plus on a regular basis, number 15 of the following agreement is void.

A little about NuVet Plus: (From NuVet's website) "NuVet Plus is the culmination of eight years of research and development, formulated with the goal of creating a nutrient-rich formula that would surpass mere vitamin replenishment. Instead, the supplement provides full-spectrum nutritional support that focuses on boosting your pet's immune system and overall health." Please visit my website's "Puppy Nutrition" page for more information about NuVet and how to purchase it. NuVet cannot be purchased in stores. It is only sold through pet professionals. If you subscribe to NuVet, it costs \$47.15 every three months. NuVet Plus is in the form of a small, tasty wafer and your dog only needs one wafer per day as long as they are less than 100lbs. There is also a powder option.

If you would like for number 15 to apply on the following Health Guarantee, and certify that you will purchase NuVet Plus for your puppy's first year of life, please sign below:

****Health Guarantee****

1. It will be up to me, the breeder, to decide when the puppy will be ready to go to its new home (usually at the age of 7-8 weeks, depending on the breed, weight of the puppy and how easily it is weaned from the mother). We will not, under any circumstances, let the puppy leave before it is ready.
2. The puppy is guaranteed to be in good health at the time of sale.
3. The puppy will be up to date on shots and worming at the time of pick-up. It is very important that you continue the vaccinations and worming. Please do not expose your puppy to other dogs that are not vaccinated until he/she has completed the entire vaccination schedule - around 16-20 weeks old.
4. The puppy will have been vet checked, dew claws removed, and deemed in good health at the time of sale.
5. The buyer, at their own expense, should have the puppy examined by a Licensed Vet within 72 hours of receiving the puppy.
6. Documentation must be sent to the breeder within ten days in order for the Health Guarantee to be honored.
7. If within 72 hours, a Licensed Vet finds the puppy to be unhealthy or unfit for sale, the puppy may be returned for a full refund - provided the puppy has not been injured or neglected. The veterinarian must provide a written statement deeming the puppy "unhealthy for purchase".
8. This guarantee does not cover any health issues caused by neglect or injury from the buyer.
9. This guarantee does not include minor illnesses and health issues such as colds, allergies, internal or external parasites or umbilical hernias. However, the breeder will disclose any known illnesses or health issues prior to the sale.
10. The breeder will not assume responsibility for this puppy after 72 hours of the sale. It is the responsibility of the buyer to care for the puppy properly and keep it free from harm. Please remember that your puppy must be treated with great care and protected from danger.
11. The breeder assumes no responsibility for any medical expenses incurred after the sale.
12. The breeder assumes no responsibility for training difficulties or behavior problems. Buyer will receive an informational packet on how to train their new puppy. If buyer follows the recommendations given in the packet, the buyer should not have any problems with the training process.
13. The breeder does not guarantee size. We will give the buyer the weight of the puppy's parents and the weight of other puppies out of that mating. We can give the buyer an educated guess as to full grown weight, but there are too many variables besides genetics.
14. The breeder does not guarantee fertility or ability to place in shows. The puppy is strictly sold as a TOP QUALITY PET.
15. If you signed in agreement to purchase NuVet Plus for your puppy, the breeder gives a one year guarantee that your puppy will not be affected by the following diseases: Exercise Induced Collapse, Degenerative Myelopathy, Centronuclear Myopathy, PRA-PRCD, HNP, VWD, DM 1 and 2 and Hyperuricosuria. The breeder also gives a one year guarantee against Hip Dysplasia and Elbow Dysplasia. If any of the stated disorders should occur within one year, and a note stating the diagnosis is provided by a licensed veterinarian, then the buyer will be fully refunded

for their purchase. The puppy will not need to be returned, but if the buyer desires to rehome, the breeder will offer assistance in the rehoming process.
